

## ShowCloud - Instructions for Online registration for exhibitors

The link to the online registration can be found on the homepage of the club that is organizing the show. This will take you to the registration page for your exhibition registration. You can change the language from German to English on the right-hand side.

You need to agree on the cookie rules shown on top of the page.

### Registration:

The screenshot shows the registration page for ShowCloud. The header is identical to the previous screenshot, featuring the KfB logo and the club name. Below the header, the page has a blue background. The main heading is 'SHOWCLOUD Online exhibition notification: KfB e.V.'. Underneath, it says 'Registration for online registration'. There are two input fields: one for 'User (e-Mail):' and one for 'Password:'. Below the password field is a blue button with the text 'LOGIN'. At the bottom of the form area, there are two links: 'You don't have an account? [Create account](#)' and '[Forgot Password?](#)'.

Exhibitors who already have access to their clubs ShowCloud can log in directly with their known ShowCloud access data (username and password).

Exhibitor who does not yet have access can register and create their own access using the "Create account" button.

When you have registered, we will send you an email to confirm your email address.

Check your emails, including the SPAM folder, for a message with the subject "Activate access to online exhibition registration".

Open the email and click on the link "Confirm email address" to activate your access.

Several mandatory fields must be entered, including the email address and password, which the exhibitor must use to log in. For some fields a drop-down menu is available. In addition, the data protection regulations must be confirmed.

If you click on the button "register", you will receive an email to the email address you provided. This contains a confirmation link with the text "Activate access to online exhibition registration". Open the email and click on the link "Confirm email address" to activate your access.

Clicking on the "Your Cats" button gives you an overview of your own registered cats. If the club is also using ShowCloud and has granted access to the cats from this ShowCloud, these will also be available for selection here. This way you can see which cats can be registered directly for an exhibition without any further input.

New cats can be added using the "Record cat" button so that they can be referred to again when entering.

Remark		

You have to select

- for which days the cat is entered
- whether a double judgement is required on Saturday and/or Sunday
- whether the cat should be placed in a Sturdi on Saturday/Sunday
- whether a double cage is required on Saturday/Sunday.
- whether a double sturdy is required on Saturday/Sunday

If only the "double cage" is clicked but no other cats are assigned using the search button behind it, this means that the cat is alone in the double cage and there is usually additional fee for "1 cat in a double cage". If you want to put two or more cats together in a double cage, you must select them using the search button. Only the cats that are still available for placement are displayed for selection. Please don't click on Single cage or Doublecage in case you will bring your own Sturdi/cage.

Select the class and if you want add a remark for the club (e.g. I want to sit next to...)
